News Media Relations

The Board of Education believes that one of its important responsibilities is to keep the public informed about operations and activities of the schools. Therefore, the Board of Education invites and welcomes the active participation of the media.

Information concerning any phase of the schools' operation may be made available by the Superintendent to the press.

The Superintendent will plan for periodic releases to the press and other community media which will provide information to the community concerning its schools and various phases of the school program. The superintendent will also convey information to parents and the community via newsletters, instant alert system, e-mails, and the Region 10 website.
