

Personnel

**Recruitment and Selection**

The school district recognizes the heterogeneity of the people who live in the school district and believes that this characteristic should have an important bearing on all aspects of the school district's activities.

The Board of Education believes it is especially important that this heterogeneity of population be recognized in the recruitment and assignment of personnel.

The schools shall engage in fair and sound personnel practices in the appointment of all district employees. The administration shall be responsible for establishing recruitment, selection and appointment procedures.
