Lewis Mills High School was recognized by the College Board and was selected by them to be placed on the advanced placement achievement honor roll for 2011. LSM was chosen by the College Board because of their success and efforts to expand Advanced Placement offerings and for student achievement in AP classes. Region 10 was 1 of 388 schools nationwide to be selected.

Mr. Beitman indicated that this review of parking procedures was prompted by requests from community members who feel that maybe students are parking outside of our parking lot in the surrounding area because they can't afford the fee. Mr. Beitman explained that the revenue collected for parking directly offsets students' yearbook and graduation expenses. He indicated that even if parking was free, some students would not be able to park in the LSM parking lot due to a lack of available student parking spaces. In addition, there are academic standards that must be met in order to earn the privilege of a parking space.
