

What can I do to help the taxpayers and the students of Regional School District # 10?

Contact* the Governor, Commissioner of Education, our State Senators and State Representatives and tell them:

- No more unfunded, partially funded mandates and/or “capped” grants
- Adopt a list of mandates to suspend and /or postpone
- Fund the Excess Cost Special Education Grant at 100% reimbursement for eligible costs as required by “LAW”
- At a minimum, fund the Education Cost Share Grant at the current 2011-2012 levels
- Adopt legislation so school districts do not have to pay for magnet school pre-school tuition and related expenses
- Adopt legislation controlling magnet school tuition and related transportation expenses
- Adopt legislation to have the State finally pay the real costs of the Choice Program
- Adopt legislation to have the State pay for the “TEAM” (Best Program- Beginning Educator Support)

*A list of legislature phone numbers and e-mails are available at this meeting, at all workshops and are on our web page: www.region10ct.org under Superintendent's Corner
