

Business and Non-Instructional Operations

**Tuition Fees**

Children whose parents or guardians live outside the towns of Harwinton or Burlington may be admitted as tuition students upon approval of the Board of Education. Such tuition is to be set annually by the Board of Education and to be determined by the per-pupil cost based on current expenses. Elementary/Middle School (Grades PreK-8) and High School (Grades 9-12) tuition shall be determined separately. Kindergarten tuition will be one-half of elementary. This fee may be prorated when a student attends less than a full school year.

Any decisions related to the attendance of a student with special education needs must be completed via the Planning and Placement Team meeting process of the district in which the parents reside. Parents may not tuition special education students to Region School District #10 directly. Parents must enroll their child in the district in which they reside.

Children whose parents or guardians live outside the towns of Harwinton and Burlington may be enrolled on a non-tuition basis under the following conditions:

1. children of families that are about to become residents in the school district can enroll their children free of charge 30 school days prior to the date they will become residents;
2. children of families who previously were residents of the school district are permitted to continue, tuition-free, for 30 school days after the family moves from the school district;
3. foreign students hosted by families residing in Region 10 are also eligible for free school privileges with the approval of the Superintendent of Schools; or
4. in other circumstances at the discretion of the Superintendent of Schools.
