

Business and Non-Instructional Operations

**Transportation**

The Board of Education will provide transportation for students under provisions of state law and regulations. The Superintendent of Schools shall administer the operation so as to:

1. provide for reasonable safety of students;
2. supplement and reinforce desirable student behavior patterns;
3. assist handicapped students appropriately.

Transportation by private carrier may be provided whenever such practice is more economical than using school district-owned facilities. Parent may be reimbursed for transportation of eligible students whenever such practice is more economical or convenient.
